DETAILED ACTION

Rejections Maintained

1. Claims 11-31 are rejected under 35 U.S.C. 112, first paragraph, for reasons of record in paper no. 7, paragraph-6, mailed on September 5, 2003.
2. The specification is objected to under 35 U.S.C. 132 for reasons of record in paper no. 7, paragraph-7.

Response to Arguments

3. Applicant's arguments filed December 8, 2003 have been fully considered but they are not persuasive.

Applicant argues that specification, pages 3 and 6, lines 20-24 and 16-20, respectively, wherein the word "flatly" or "areally" supports the amendment to the specification that the coating is applied in a planar manner over the entire surface. This is not deemed to be convincing because, as agreed by the applicant (see amendment, page-5, last line), the word "flatly" would refer to a planar manner. The specification fails to provide any showing to support the new matter phrase.

Similarly, in response to applicant's argument that the new matter phrase "without an interposed substrate", the specification teaches the presence of adhesive layers on both sides of the backing sheet, but fails to teach that the adhesive is provided without an interposed substrate. Further, applicant should note that the phrase without

constitutes a negative phrase and lacks express support therefor in the originally filed specification.

Thus, in the absence of any evidence to the contrary, it remains the examiner's position that the claimed invention constitutes new matter under 35 U.S.C. 112, first paragraph and 35 U.S.C. 132 for reasons discussed above.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
